

Kids Kare
Pediatrics
and family clinic

November 7, 2012

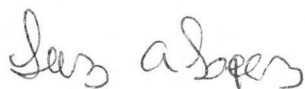

To Whom It May Concern:

This letter is in regards to IT work rendered between Technical Service Professionals (TSP) and Kids Kare Pediatrics. We have been using TSP in many different areas since January 2012 and have been extremely satisfied with their work.

We have six medical clinics, where we use TSP primarily for IT services and maintaining our current IT systems. However, we also utilized TSP as our main resource for our phones systems, EMR application, installation and maintenance of camera systems, running cable, ect. TSP was able to review our current IT system and make recommendations to better protect our patient information and lean our services down to save us money.

TSP has always made themselves available to us, they are very quick to respond and will come out the same day if needed. They have always kept us informed on any issues we are facing and ready with a plan of action. We are very pleased with TSP and highly recommend their services to anyone.

Sincerely,

Luz A. Lopez, MD
Kids Kare Pediatrics Administrator
